

# Nunavik Parks Beneficiary Access Initiative (NPBAI)

---

## Airfare Incentive Application Form

This form is to be filled prior to traveling to a Nunavik Park

The NPBAI will reimburse a portion of the airfare from schedule flights and charters that were used specifically for travels to a park by any beneficiary of the JBNQA.

Groups of beneficiaries and individual beneficiaries wishing to use funds available in the NPBAI will have to fill this pre-approval application prior to their trip. Form must be sent by email to [infoparks@krg.ca](mailto:infoparks@krg.ca) or by mail at:

Nunavik Parks  
PO Box 9  
Kuujuaq, Qc, Canada  
J0M 1C0

Upon reception, application will be treated within 48 hours (2 working days) to confirm acceptability to the requestor. Upon completion of the trip and with presentation of the airline company invoice(s), exact amount will be calculated and a check sent to the requester. General conditions are as follow:

- Use of scheduled planes and charter planes will be reimbursed at 30% of the amount indicated on the airline company invoice(s). School groups and elder groups chartering a plane to access the parks will be reimbursed at 40%.
- Origin of flight must be from a community in Nunavik (including Whapmagoostui and Kawawachikamach) and destination of flight must be a community from which Park access is offered and for which the requester is registered to participate in park activities with a group or autonomously. This flight must be done with the shortest connections possible.
- The incentive is independent from any other air travel cost-reduction programs. So requester may also make other requests to any other airline cost-reduction programs.
- The reimbursement amount is based on the final cost actually paid by the requester as indicated in the invoice(s) that the requester must provide after the trip.
- Check will be issued to the requester after the trip, upon presentation of the airline invoice(s) and after confirmation from the local park that the requester did in fact participate in park activities or visited the park.
- A maximum of \$1,000 annually can be granted per person.
- Applications will be approved as long as there are funds available in the existing NPBAI annual budget.
